

Nurse/Sonographer Qualifications:

- Has a personal relationship with Jesus Christ.
- Is dependable, stable, and capable of following through on commitments.
- Has a sincere desire to reach out to abortion-vulnerable and abortion-minded women.
- Maintains a consistent life affirming philosophy and would never refer or advise a woman to have an abortion.
- Respects confidentiality.
- Holds current Registered Nurse's License in good standing with the State Medical Board.
- Is CPR certified.
- Has taken initial BVPC Client Advocate Counselor training classes.
- Is available to take a 2-week training course on sonography.
- Is flexible with volunteer time at the Center.

Duties and Responsibilities as a Nurse/Sonographer:

- Performs client's physical assessment and history prior to performing an ultrasound procedure.
- Performs First and Second Trimester ultrasounds (6-20 weeks gestational age) as needed for:
 - Scheduled ultrasound appointments
 - Onsite, same-day ultrasounds
- Completes an Exit Interview with client after ultrasound procedures, including medical information referrals.
- Assists client in making medical referrals to an OB clinic when an abortion-minded client's gestational age is greater than 12 weeks or when viability of a pregnancy is questionable.
- Follow-up by phone call with above referred client.
- Cleans and disinfects ultrasound equipment.
- Compiles ultrasound charts after ultrasound procedures.
- Ensures Doctor's signature on ultrasound reports.
- Meets with the Nurse Manager when necessary.
